

2020 Buyer's Guide

Welcome to the Finch Buyer's Guide! All of our products are included with dimensions, weights, and shipping prices. Since you work hard every day, we hope this will make your Finch experience easy and fun!

NOTE: Shipping prices are configured for shipping just one item. When shipping more than six items, it may be better to ship the items on a pallet via FedEx Freight. We will attempt to always ship your items in the most practical and cost-effective way.

PRODUCT CARE

Finch furniture never needs to be painted or stained because it is built with recycled plastic that will not rot or splinter. The color will never wear off because it is embedded throughout the product. A UV protective agent keeps fading to a minimum. Poly furniture is not affected by most corrosive substances, and will not promote bacterial growth.

Cleaning is easy. Most dirt wipes away with nonabrasive soap and water or a soft bristle brush. Light colors may need to be cleaned more often than dark colors. In extreme situations, spray the furniture with nonabrasive cleaner and wash it using a high-pressure washer. Do not place the tip of the pressure washer closer than 8" – 12" from the furniture or it may damage the poly lumber.

Surface protection - Flower pot residue should be removed regularly to prevent staining. Do not use sharp objects such as knives on your furniture. Avoid setting items with sharp edges on the furniture, including tools, metal, gravel, or dirty items. To avoid melting, do not place hot items directly onto the furniture.

All fasteners on Finch furniture are 316 grade stainless steel. This high grade stainless steel will not rust in a normal outdoor environment. If your furniture is heavily exposed to saltwater, occasionally rinse it with fresh water to maintain a rust-free surface.

All fasteners should be checked periodically for tightness.

Simple cleaning is all you need to do to enjoy beautiful Finch furniture for many years!

WARRANTY

Finch warrants to the original consumer purchaser that this polyethylene patio furniture product is free of defects in workmanship and materials. The warranty period is twenty (20) years of residential use and five (5) years of commercial use, with exceptions on certain parts as explained below, from the date of sale. This warranty does not cover damage caused by unauthorized service or repair; alteration or abuse, normal wear and tear on materials, or any attempt to use the product in a manner or for a purpose other than for which it is intended. Finch will repair or, at its option, replace the defective product without charge. Should Finch choose to replace the product, and the product is discontinued, a substitute product of similar function and equal or greater value will be made.

Polyethylene may scratch during normal use, fade slightly from exposure to sunlight, or stain after prolonged contact with other substances. These conditions are not defects and are not covered under this warranty.

Stainless steel fasteners are warranted to not fail structurally for the applicable warranty period if maintained according to the Care and Maintenance document. Swivels are warranted to not fail structurally for five (5) years of residential use. This warranty does not cover rusted fasteners and swivels, or structural failure due to rusted fasteners and swivels, resulting from improper maintenance. Cushions are warranted for a period of one (1) year of residential use. Compression of cushions is not considered a defect.

Finch makes no warranties other than those which are expressly described herein. Finch extends no implied warranty of merchantability or of fitness for a particular purpose, and disclaims all liability for indirect or consequential damages, including, but not limited to, lost profits or other economic or commercial losses. Some states do not allow the exclusion or limitation of indirect or consequential damages; therefore, the above limitation may not apply to you. The sole remedy provided in this warranty is repair or replacement of this product. Any cost of shipping and handling will be paid by you.

To file a warranty claim, contact your local dealer or Finch at 139-A Colonial Road, Gordonville, PA 17529; Fax: 717-768-3315.

Your claim must explain the nature of the defect and include your name, address, and telephone number. This warranty gives you specific legal rights and you may have other rights which vary from state to state. As defined by federal law, this is a limited warranty.

ABOUT

For a brand that started out as an industrial-grade awning fabric in only six colors, Sunbrella fabrics have come a long way. From awnings to marine to casual furniture, Sunbrella fabrics have led the industry with extensive styles and colors while providing unparalleled performance. In the early 1990s Sunbrella unveiled its softer side with stunning fabrics targeted at the interior design trade and now available in design showrooms across the country. Today, Sunbrella is used in a variety of innovative new products that offer creative solutions for consumers and the design community.

PRODUCT CARE

Outdoor Upholstery

Cleaning Removable Fabric

Hand Washing

Soak fabric in a solution of ¼ cup mild soap per gallon of lukewarm water. Use a sponge or very soft bristle brush to lightly agitate the stain. Then rinse thoroughly to remove all soap residue, and allow fabric to air dry.

Machine washing

Some removable casings can be washed in the washing machine, however consult the furniture manufacturer before removing the casing as cushion construction may vary. To wash, first close all zippers. Machine wash in cold water on the delicate cycle with normal amounts of mild laundry detergent. For severe mold or mildew, add 1 cup of bleach. Allow fabric to air dry.

Cleaning Non-Removable Fabric

Prepare a solution of ¼ cup mild soap per gallon of lukewarm water. Use a soft bristle brush to clean, allowing the cleaning solution to soak into the fabric. Rinse thoroughly to remove all soap residue and allow fabric to air dry.

Mold and mildew stains

Sunbrella fabrics do not promote mildew growth, however, mildew may grow on dirt and other foreign substances if not removed from the fabric. To remove mold or mildew:

- Prepare a solution of 1 cup of bleach and ¼ cup mild soap per gallon of water.
- Spray on entire area and allow to soak into the fabric for 15 minutes.
- Clean entire surface area with a sponge, clean towel or very soft bristle brush.
- Rinse thoroughly to remove all soap residue.
- Air dry.

For severe mold/mildew growth, bleach quantities may be increased.

It is best to clean the entire surface area of the fabric to avoid water rings and stains.

For information on cleaning other popular stains, see our Stain Chart. www.sunbrella.com/stainchart

WARRANTY

Sunbrella fabric's 10-year limited warranty for awning and marine fabric and 5-year limited warranty for furniture fabric are the best in the industry.
