

Gazebos
The Heart of Craftsmanship

QUALITY BUILT *Gazebos*

ADD STYLE TO YOUR OUTDOOR LIVING SPACE

Welcome to Outdoor Living

From coast to coast, gazebos grace

village greens, the backyards of country farmhouses,

and the gardens of grand estates. They remind us

of a simpler time – an era when we enjoyed the

pleasures of life more and worried a lot less.

Explore our handcrafted gazebos and you'll feel the

difference. Just one look and you'll be transported back

in time. Close your eyes and you might hear the sounds

of a brass band playing from gazebo steps on a sunny

4th of July, or catch a whiff of homemade apple pie

cooling on a nearby windowsill. Bring one of these classic

gazebos home today and rediscover outdoor living.

16' OCTAGON VINYL GAZEBO

Country Style, Pagoda Roof, Cupola,
No Floor & Superior Posts

Your family will thank you.

KEEPING GREEN!

The awareness to preserve our environment is an important element of our company. As a company, we employ various techniques to keep green. Our gazebos are handcrafted in an environmentally friendly atmosphere. Each craftsman is responsible to hand-select each board and utilize the maximum value of that board. By being vigilant in the selection process, we maximize the value of our natural materials.

In addition to keeping green, we use many recycled products. Our composite decking, rubber slate shingles, and vinyl products are made from 50-80% recycled material. We also collect our scrap and send it back to be recycled again.

In 2010 we installed a solar system on building one, and followed in 2013 with a second solar system on building two. With these two systems combined, we have a large 200kw system that produces enough energy to supply 75% of our current electrical requirements.

As a company, we are conscientious of our impact on the environment. Keeping green is more than just adding solar panels and recycling. It is also part of the values and attitude embedded in our company.

WOOD QUALITY FEATURES

Our standard wood gazebos are made of pressure-treated Southern Yellow Pine. Our heavy-duty floor consists of double 2x6 joists and solid 2x6 wood decking boards. The 4x4 posts are laminated as standard, and support 36" high hand railings. They come with arched corner braces and 6" top spindles. The roof is built with double rafters, and sheeted with beautiful 1x6 tongue & groove boards, covered with roofing paper and architectural asphalt shingles.

ENDURANCE

Extra Strong-2x6 Decking

2x6 decking means strong construction, plus our hot-dipped galvanized nails are designed to stay seated for a lifetime.

STABILITY

Laminated Posts

Our laminated posts resist checking and add strength while giving your gazebo a custom look.

SUPPORT

Heavy-Duty Railing

The railings on your gazebo are built to last! We utilize heavy-duty lumber to resist wear and vandalism.

QUALITY

#1 Premium Grade Lumber

We use only the highest quality lumber for your gazebo. We mill every piece in-house to reduce splinters and rough edges for a smooth finish and better feel.

The Heart of Craftsmanship

CRAFTSMANSHIP

At the heart of craftsmanship lies a strong desire to create something beautiful that will deliver a long-lasting satisfaction for the recipient. There is a deep feeling of gratification that comes from knowing that your efforts have produced a quality product that will be used and enjoyed for years to come.

Many of our team members grew up on Amish farms where they learned the value of hard work and dedication. Our entire team is committed to each project and pays close attention to every detail.

VINYL QUALITY FEATURES

Our standard vinyl gazebos are made of pressure-treated Southern Yellow Pine covered with vinyl. Our heavy-duty floor consists of double 2x6 joists and 1" thick maintenance-free composite decking boards. The posts are constructed of a white vinyl 4x4 sleeve with a solid wood core. They support 36" high rails as standard that come with arched corner braces and 6" top spindles. The roof is built with double rafters, and sheeted with beautiful 1x6 tongue & groove boards covered with roofing paper and architectural asphalt shingles. The underside of the roof is coated with a rich mahogany stain for a beautiful hardwood appearance.

ENDURANCE

Reinforced Vinyl Posts

These posts give the structure the rigidity needed to weather all the seasons.

BEAUTY

Seamless Corner Caps

Give the base of your gazebo a seamless look and high-quality finish.

STABILITY

9" Stabilizing Screws

This hidden but very important part ties the roof and braces together for added lateral strength.

MAINTENANCE-FREE

1" Thick Composite Decking

Composite decking means there's no need to paint or stain your decking. Long-lasting color matched composite screws hold your decking in place.

A

Vinyl Octagon Gazebos

Octagons are the time-honored gazebo shape. This style gives you a classic look for comfortable living.

Few investments yield as many rewards as our handcrafted gazebos. The richest reward just may be how it brings your family closer together.

Cupola

A finishing touch for the roof of your gazebo.

Electric

Add an electrical package and enjoy your gazebo well into the evening hours.

Crown Molding

Add a finished roof edge to your vinyl gazebo with this crown molding detail.

Give the gardener in your life the ultimate gift...
an elegant gazebo for their garden.

Wood Octagon Gazebos

Fire up the grill and get ready for a crowd. The smell of barbecue will draw your family and friends. The comfort of dining in a gazebo will keep everyone close by.

Family time is precious – don't waste a second of it. Give your family the very best by choosing the perfect gathering place. You'll be amazed how little moments like a family picnic transform into lasting memories your children or grandchildren will remember forever.

& Cedar Stain

**Double 2"x6"
Floor Joists**

Helps prevent warping of joists and popping of floorboards. They allow for a better straight down fastening of the floorboard, giving your deck a stronger, longer lasting life.

2"x8" Top Plate

The compression ring ties the rafters and posts of your gazebo together for additional snow load capacity and wind resistances.

Give your family the very best by choosing the perfect gathering place. Create moments that transform into lasting memories.

Vinyl Oval Gazebos

 Worry-Free Living...

Ovals provide a traditional look with the added benefit of a more spacious interior. Oval gazebos accommodate more guests with additional seating room.

Imagine a custom designed gazebo that fits the contours of your life and backyard. Our vinyl gazebos are designed for years of easy, worry-free enjoyment.

Stainless Steel Screws

Stainless steel screws help to maintain the long life of your gazebo and offer a finished appearance.

Double 2x4 Rafters

Our double rafters give your gazebo roof a heavy-duty load capacity and help prevent beam warping.

Whether you are hosting a dinner party or simply relaxing in the evening with your family, this gazebo is alluring to both friends and family.

Commercial Gazebos

STANDARD FEATURES

Our Commercial Gazebos are made similar to the rest of our gazebos, but offer some upgraded parts. Our heavy-duty floor consists of 2x6 joists. The 5x5 posts support the 36" high hand railing. They come with arched corner braces and 6" top spindles. The roof is built with 2x6 rafters and sheeted with beautiful 1x6 tongue and groove boards, covered with roofing paper, and architectural asphalt shingles.

Adds a heavier look

Extra Screen Door

Add multiple entrance points.

11. SELECT FULLY-ASSEMBLED OR KIT

Kits

You deserve the gazebo of your dreams. That's why we personalize your delivery and set-up options. For those who enjoy weekend do-it-yourself projects, our gazebos come in easy-to-assemble kit form. By purchasing a kit, you're able to assemble your gazebo virtually anywhere. High decks or densely wooded areas are not a problem. This flexibility allows you to use your imagination when choosing a location for your gazebo.

Fully-Assembled

Our quality-built, fully-assembled gazebos are perfect for customers who wish to have their gazebo delivered in an easy-to-reach area. We will deliver your gazebo with gentle care and sensitivity to your landscape. For more difficult terrains, our gazebos are strong enough to be craned in.

Tea Houses

STANDARD FEATURES

Built from #1 Western Red Cedar, this one of a kind structure will be perfect for your backyard retreat. The Tea House comes standard with a single 15-lite door and sliding glass windows with screens. The lower wall sections are built using 1x10 raised panels for a unique look and warm feel.

The rafters are made of double Southern Yellow Pine boards to carry the heavier snow loads. The roof decking is made from beautiful Southern Yellow Pine 1x6s for additional durability and charm. They are covered with a 30-year asphalt shingle as standard.

This Tea House is engineered to withstand 60 lbs snow load and 150 mph wind speeds. This includes all of the necessary brackets and hardware.
