

Pavilions

Elegance and Sophistication

HANDCRAFTED *Pavilions*

ADD CHARACTER TO YOUR OUTDOOR LIVING SPACE

Welcome to Outdoor Living

The sound of children playing, the smell of food on the grill, the joy of a family gathering, and laughter shared between close friends are all part of a life well-lived. These are the common sights and sounds of a backyard pavilion. Always a hub of activity, the pavilion is at the center of outdoor entertaining. Whether dodging the sun, waiting out a summer shower, or sitting down for a meal, people will gather together in your new pavilion.

14'X24' WOOD PAVILION
Underside of Roof Detail

We appreciate each customer we serve. Thank you to everyone who has taken the time to write and tell us how much joy and relaxation you have gotten out of our structures. We have included many photos and testimonials from our customers in this brochure for everyone to read and enjoy. So from all of us.....

Thank You!

STANDARD FEATURES

Our Hampton Pavilions are made from #1 grade treated Southern Yellow Pine which is wrapped in high quality vinyl. The Hampton comes standard with attractive 10" round columns with solid wood posts inside. The posts come with powder-coated anchor brackets at the base of each column to attach directly onto your concrete pad or a wood deck. Our decorative post trim covers all the connections for a clean appearance. The arched headers add charisma and are designed to support heavy roof loads, and resist high winds. The headers are trimmed with our decorative dental molding and feature a 12" roof overhang. The ceiling is made of beautiful 1x6 tongue and groove boards, stained mahogany for a rich appearance. The steeper roof pitch adds character and is constructed with double main rafters and covered with architectural asphalt shingles. Our rectangle Hampton Pavilions are engineered to withstand 140 mph winds and 45 pounds per square foot snow loads. All this is standard when you choose a Hampton Pavilion for your outdoor retreat.

Column Base

The 10" round columns come with a column base to cover the anchoring hardware included.

Post Trim and Dental Molding

All pavilions come with decorative pieces which cover the connection hardware and give your pavilion a finished and refined feel.

Roof Detail

This Hampton Pavilion showcases a pine ceiling with a mahogany stain.

Take your backyard beyond the ordinary.
The Hampton Pavilion brings class and value to every home.

STANDARD FEATURES

Our Alpine Pavilions are made from Western Red Cedar with Southern Yellow Pine under the roof. All boards are hand-selected for the best possible appearance. The wood is finished with our standard canyon brown stain or your choice of one of our other available stains. The 8x8 posts are laminated and wrapped to resist warping and checking. The posts come with a black powder-coated bracket at each base to attach directly onto your concrete pad or wood deck, and are covered with a decorative skirt for a finished look. The 4x8 half-moon braces add beauty and lateral strength to resist high winds. The engineered 3-ply 6x8 headers are built to span up to 16' long without sagging. The roof is engineered with 2x6 rafters for structural integrity. We use 1x6 pine tongue and groove boards for the ceiling, covered with architectural asphalt shingles. Our rectangle pavilions are engineered to withstand 140 mph winds and 45 pounds per square foot snow loads. All this comes standard for a strong and beautiful structure to give you the perfect oasis for outdoor entertaining.

Post Skirts

These decorative post skirts cover the anchor brackets and bolts to keep a clean and finished appearance.

Cedar Lumber

Alpine Pavilions come with Western Red Cedar lumber. This appearance-grade lumber is low in knots and comes pre-stained.

Anchor Brackets

This pavilion comes with the required anchor brackets and concrete lag bolts to attach to footers.

The Alpine's old-world look inspires entertaining and admiration

STANDARD FEATURES

Our Vinyl Pavilions are made from #1 grade treated Southern Yellow Pine and covered in high quality vinyl. Our posts are built with a heavy-duty wooden 6x6, inserted into a low-maintenance vinyl sleeve. Each post comes with a powder-coated bracket at the base to attach directly onto your concrete pad or wood deck, and is covered with a decorative skirt for a finished look. The enhanced arched braces add the stability needed to resist high winds. Our decorative post trim covers all the connections for a clean appearance. Engineered headers are built with 4 ply 2x8s to span up to 18' long without sagging. The roof is engineered with double main rafters for structural integrity. We use beautiful 1x6 tongue and groove boards for the ceiling, stained mahogany for a rich appearance. The roof comes with architectural asphalt shingles. Our rectangle pavilions are engineered to withstand 140 mph winds and 45 pounds per square foot snow loads. All this comes standard on your Vinyl Pavilion, and is ready to be assembled on site for your next event.

STANDARD FEATURES

Our Wood Pavilions are made from #1 grade treated Southern Yellow Pine. All boards are hand-selected for the best possible appearance. The wood is unfinished and ready for you to stain or paint, or you can choose from one of our optional stain or paint colors. The 5x5 posts are laminated to resist warping and checking. The posts come with a black powder-coated bracket at each base to attach directly onto your concrete pad or wood deck and are covered with a decorative skirt for a finished look. The 2x6 half-moon braces add beauty, and lateral strength to resist high winds. Our decorative post trim covers all the connections for a clean appearance. Engineered headers are built with 3 ply 2x8s to span up to 18' long without sagging. The roof is engineered with double main rafters for structural integrity. We use beautiful 1x6 tongue and groove boards for the ceiling, covered with architectural asphalt shingles. Our rectangle pavilions are engineered to withstand 140 mph winds and 45 pounds per square foot snow loads. All this comes standard on your Wood Pavilion for a strong and beautiful structure to give you the perfect oasis for outdoor entertaining.

STANDARD FEATURES

The Villa Option is available with our Traditional Wood, Traditional Vinyl, and Hampton Pavilions. These Villas come with an unfinished interior perfect for storage or add the option of horizontal 1x6 T&G boards and a linoleum floor to create a back yard office or getaway. The finished interior option comes with a switch to control power to the ceiling and includes electrical receptacles spaced to meet code requirements.

All of our Villas are built strong to meet many of the codes required by local townships. The Villa includes one 15-lite single door.

Add optional windows to fit your needs. The windows and doors include insulated glass, trimmed with 1x3s for added elegance. The Vinyl Villa includes cellular vinyl siding available in six different colors. Our Wood Villas are available in either cedar or knotty pine siding. Add one of our many stain or paint options to match your home.

KITS & ASSEMBLY MANUALS

All pavilions come standard as a kit. Everything is included with the kit to install the pavilion such as the screws, hardware, and brackets. The kit also includes a copy of a step-by-step assembly manual for easy installation.

BUILT TO ENGINEERED SPECIFICATIONS & ENGINEER SEAL

All standard rectangle pavilions are built to spec and meet a standard engineered specification of 140 mph winds and a 45 lb. snow load as standard.*

With an additional cost, we can also offer construction plans that are certified and sealed by a licensed engineer in your state. Includes a set of sealed drawings for both you and your township.

** Excludes custom pavilions. Engineering is available for custom pavilions at an additional cost.*

EZShade *Curtain*

STANDARD FEATURES

Consider adding this EZShade Curtain System to your new or existing pergola or pavilion. This manually-controlled curtain winds down effortlessly and glides down the double cable system to shade the entire area. You will find yourself using your patio more often when you can block out that glaring afternoon sun. The fabric is a dense screen material that has partial transparency. Bring this EZShade Curtain System to your back yard oasis.

A. Manual Operation

Our EZShade Curtain is guided by stainless steel cables and lowered using an included hand crank.

B. Full Coverage

Get out of the mid-day sun and enjoy your back yard patio.

C. Quality Materials

Made from stainless steel fasteners, powder-coated brackets, and Phifertex fabric.

AVAILABLE STOCK COLORS

Sumba Mocha

Skyline Stripe Verdi

Island Stripe

Burlap

Navy Pier

Metallica Smoke

Black

Other Phifertex curtain fabrics available for an additional fee.

Testimonies

"I've lived here for six years, and this past year I had my entire back yard redone. By far, this is the best money that I have spent. We had so many nice gatherings, parties and family and friends that come over the entire summer and it's been great. It's added a beautiful addition to our house and it's just a wonderful thing to have in our back yard."

~ Phil

"We use our pavilion to sit down and relax in, also to get out of the sun and eat lunch. The installation guys did a good job. Everybody loves it and we get lots of compliments."

~ George

"We truly love the pavilion. We sit out in the early morning with our coffee and just enjoy the beauty of it. It is the final piece to make our pool area look like it is featured in a home and garden magazine."

~ Bob & Mary

"I acquired quotes for several DIY pavilion kits available online. You provided the best quality for the best price. I received my kit in about five weeks and all the pieces were in good condition. Assembly went smoothly and I am very satisfied with the quality and strength of the structure. It was a great DIY project, and I saved a ton of money without sacrificing quality or appearance."

~ Matthew A

"I ordered a 12'x16' pavilion, and the entire process of placing the order, delivery, and their professional installation was exceptional! I give the highest recommendations and a 5-star rating. Our pavilion was purchased at a fair and reasonable price, and is both high quality and beautiful. The installation was a joy to watch – less than four hours!"

~ Geoff D.
